Mecademic Meca500-R3 pneumatic module

Pneumatic module MPM500 is designed specifically for the Meca500 and allows you to interface the robot with various pneumatic tools. The module consists of two 3-way 2-position normally closed solenoid valves. The valves share the same pressure port (IN) and exhaust port (OUT) but can be independently controlled directly from the robot.

## ***Specifications***

**Product Number:** 9406-001

**Operating Pressure:** 7 bar (105 PSI)

**Flow Rate:** 29.74 LPM (1.05 CFM)

**Response Time:** ON 8ms, OFF 10ms

**Ports:** Four M5 threaded orifices, with barb fittings for 1/16 inch ID tube preinstalled on ports 1, 2, and IN, and a pneumatic muffler on port OUT
